FEMALE PHYSICIANS.—The novel event of a female medical student being in attendance at the Geneva College having been the subject of remarks in Medical and other Periodicals, we are led to state the circumstances, which are briefly as follows:—shortly after the commencement of the lecture season now in progress, the Faculty of the Geneva College received an application, by letter, for the admission of a lady to the privileges of the Institution. The Faculty resolved to submit the letter (written by the applicant herself) to the class, and to return a favorable reply, provided no objections thereto were entertained. The class adopted unanimously, resolutions expressing their willingness that the applicant should be received, and pledging themselves to treat her with respectful consideration. She was accordingly admitted, and has thus far attended the lectures in all the departments, as well as surgical operations, and dissections, personally participating in the latter. Nothing has transpired as yet to disprove the propriety of the action taken by the Faculty and class. In so far as her presence in the lecture room has had any influence, it has been conducive to a more strict observance of decorum than is usual with medical classes, and any embarrassment which may have been felt by all parties has long since disappeared. It is understood that previously to her application to the Geneva College, she had applied to be received at the Institutions of Philadelphia, New-York City, and Boston, but without success. Geneva College will therefore be entitled to the distinction, meritorious or otherwise, of first practically exemplifying the experiment of opening the door of medical instruction to a female candidate for the medical profession. NEW CAPITOL OF MICHIGAN.—A letter in the *Detroit Free Press* says: There is a fine opportunity for exercise here. Some 50 of the officers and members have rooms at Turner's Hotel, at the Seymour-place, which is upward of one mile from the Capitol. Others "board around," as the "Schoolmams" do in the country. One of the Senators "hangs up," in one of the committee rooms—indeed, all the committee-rooms are turned into sleeping apartments, and the cushioned seats in the Senate Chamber have accommodated more than one. The price of board varies from \$3 to \$6—about the same as in Detroit. The boarding-houses give good fare—as good as to be found in any place. We have delicacies here, as well as in Detroit.

FREE NEGROES IN LOUISVILLE.—The Mayor of Louisville gives notice, dated 14th inst. that after twenty days from that time, the act of the Legislature passed in the session of 1843-6, will be enforced against free negroes in that city. That act provides that any free negro who shall come into the State and remain thirty days, shall be liable to arrest, and upon conviction of the fact, shall give a recognizance with two sufficient sureties in the sum of \$500, to leave the State within ninety days, and never return; and upon failure so to give recognizance, shall be sold into Slavery, to the highest bidder, for one year. An atrocious law.
